
When did you know....

Posted by poolhalljunkie - 2008/02/24 01:39

when you could really play pool? Not just a drunken night of gettin' lucky rolls and winning a beer or 3. I mean play and know what you were doing?

for me, I was probably 19 or so and had my first 8-ball break and then broke and ran the next rack. I could actually see the run-out play out in my mind and it worked perfectly.
